WHY CHOOSE BURNING COAL FOR A NYC TOUR?

WHO WE ARE

Now in its 21st season, Burning Coal Theatre Company has blazed a path by creating literate, visceral, affecting theatre that is experienced, and not simply seen. Part of that mission has been carried out through our educational programming. Since its infancy, Burning Coal has provided performances and theatre education to K-12 and adult students throughout Wake and surrounding counties. From our touring productions, to our artist in residency programs, our summer camps, and theatrical tours of NYC and London, Burning Coal has worked to elevate theatre arts education and create eye opening theatrical experiences for students.

Burning Coal is a small professional theatre company and an incorporated, non-profit [501 (c) (3)] organization.

WHAT WE PROVIDE

PERSONALIZATION

Many commercial travel companies offer NYC tours for school groups. However, working with these companies can often feel impersonal, inconvenient, or overpriced.

At Burning Coal we carefully plan and arrange each aspect of the tour to ensure that students are receiving an authentic, educational, and fulfilling experience, all while staying within a practical budget.

EDUCATION

We take the time to meet with teachers/group coordinators and cater the tour itinerary to their curriculum and state educational standards. Using our professional theatre connections we are able to schedule immersive and personalized workshops with talented, working artists, as well as providing tours of theatre facilities, studios, and/or post-performance discussions.

LODGING

Our tours give students an accurate view of the professional theatre scene in NYC. Unlike most travel packages who lodge in New Jersey, we stay in the heart of midtown Manhattan, giving travelers the chance to experience life in the city.

EVERYTHING WE DO IS CUSTOMIZED TO MEET THE UNIQUE NEEDS OF THE SCHOOL/ORGANIZATION, DEPARTMENT, AND ITS STUDENTS.
